

**BUILDING ON  
A FOUNDATION OF  
INTEGRITY**

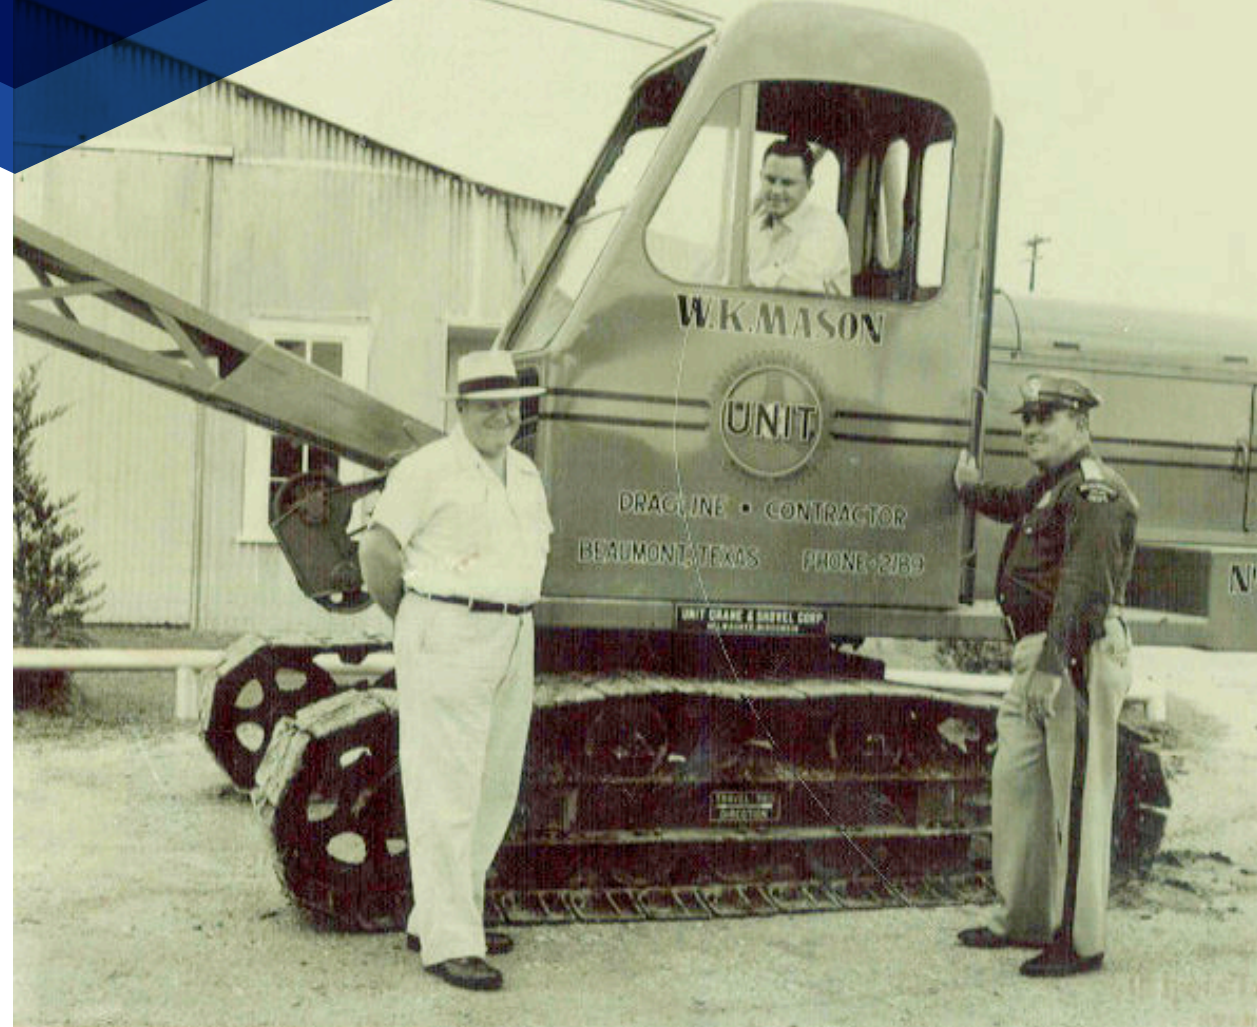

[WWW.MASONCONSTRUCTION.NET](http://WWW.MASONCONSTRUCTION.NET)

# About Us

**Building a foundation of integrity - since 1939.**

**Mason Construction, LLC. Began in 1939** when W.K. Mason originally founded the company as a dragline excavation contractor after winning a bid for the construction of a portion of the Houston Ship Channel. More than 80 years later, what emerged from the vision of one man and his life savings of \$600, is one of the most well-respected industrial contractors in Southeast Texas and Southwest Louisiana.

Although we have grown and changed substantially over time, we still hold tight to the core values that we were founded on all those years ago. We believe that the key to success hinges on your commitment to integrity, the combined strengths of the team you tackle challenges with, a strong safety culture, quality workmanship, and consistent dependability. We are deeply rooted in the mindset that we will give our all to deliver on our word,

and that a handshake still means something today. We stand behind what we say, and will give our absolute best to back it up. That is what makes us who we are and why over 90% of our business comes from repeat customers.

**4TH GENERATION FAMILY OWNED AND OPERATED**

# Areas of *Expertise*

Although we call Beaumont, TX and the Golden Triangle industrial market home; Mason has performed work all over Texas, Louisiana and beyond. Because of our centralized location within the petrochemical hub of the South, Mason Construction, LLC has the capabilities and resources necessary to execute any project across the Gulf Coast region.

**CIVIL • PILING • ASPHALT • HYDRO-EXCAVATION  
STRUCTURAL STEEL ERECTION • HURRICANE FLOOD  
PROTECTION • ENVIRONMENTAL • SPECIALTY SERVICES**

Mason has the flexibility to address our customers' changing needs quickly, and adapt to accomplish their desired outcome.

Today, Mason operates as a multi-faceted industrial construction company that offers services including civil site work, piling, specialty shoring, concrete foundations, paving, structural steel erection, hydro-excavation and environmental services. Additionally, we provide construction services and front-end constructability assistance for a variety of Hurricane Flood Protection projects for clients along the Texas and Louisiana Gulf Coast.

**THE SAFER WE ARE, THE STRONGER WE ARE.**

**ONE TEAM**

**ONE VISION**

**ONE GOAL**

**EVERYONE GOES  
HOME SAFE.**

## Core *Values*

Safety is a core value in our daily business. It is our belief that safety and quality are the cornerstones on which every project should be built and they should never be sacrificed to increase production.

**BE YOUR  
BROTHER'S KEEPER**

## Core *Values*

Even though Mason's safety statistics rank as some of the best in our industry, we recognize safety is about much more than just numbers. Safety is about people, culture, and relationships. It's a lifelong commitment to ***being your brother's keeper*** and ***preserving families*** at home.

On August 3, 2015, Mason was recognized by the Zero Injury Institute (ZII) as the 34th Construction Company in North America to achieve the milestone of over One Million Safe Man Hours without a recordable or lost time injury.

# Core *Values*

To date, Mason Construction has been recognized on **7** occasions in the ZII Hall of Honor for Million Safe Man Hour Milestones. Those teams include the

EXCAVATORS • CRANES

**At Mason, we do more than just grade dirt, drive piles, hang steel, or pour concrete.** We believe that each project completed memorialises our own unique signatures on our customers' facilities. Through quality work practices we strive to build a legacy that will withstand the tests of time and continue to serve the generations of tomorrow.
